

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions and listings of claims in the application:

LISTING OF CLAIMS:

1. (currently amended): Use of an iscom particle as an adjuvant for preparing of an antigenic composition, wherein the antigenic composition ~~which~~ comprises at least one live micro-organism.
2. Use according to claim 1, wherein the antigenic composition is a vaccine comprising at least one live virus.
3. (currently amended): Use according to claim 1 ~~and/or 2~~, wherein the antigenic composition further comprises at least one killed or inactivated micro-organism.
4. (currently amended): Use according to claim 1 ~~any of claim 1-3~~, wherein the antigenic composition further comprises at least one antigenic molecule ~~one or more antigenic molecules~~.
5. (currently amended): Use according to claim 1 ~~any of claims 1-4~~, wherein the iscom particle is an iscom comprising at least one glycoside, at least one lipid and at least one hydrophobic protein or peptide-containing antigen.
6. (currently amended): Use according to claim 1 ~~any of claims 1-4~~, wherein the iscom particle is an iscom-matrix, comprising at least one glycoside and at least one lipid.
7. (currently amended): Use according to claim 1 ~~any of claims 1-6~~, wherein the iscom particle comprises at least one glycoside fragment from Quillaja saponin Fraction A ~~Quil A~~.
8. (currently amended): Use according to claim ~~claims~~ 7, wherein the iscom particle comprises at least one of subfragment A and ~~for~~ subfragment C of Quillaja saponin Fraction A ~~Quil A~~.

9. (currently amended): Composition comprising at least one iscom particle and at least one living micro-organism ~~one or more living micro-organisms~~.

10. (currently amended): Composition according to claim 9, wherein the living micro-organism is a virus.

11. (currently amended): Composition according to claim 9 ~~any of claims 9-10~~, further comprising at least one killed or inactivated micro-organism ~~one or more killed or inactivated micro-organisms~~.

12. (currently amended): Composition according to claim 9 ~~any of claims 9-11~~, further comprising at least one antigenic molecule ~~one or more antigenic molecules~~.

13. (currently amended): Composition according to claim 9 ~~any of claims 9-12~~, wherein the iscom particle comprises at least one glycoside fragment from *Quillaja saponin* Fraction A ~~*Quil A*~~.

14. (currently amended): Composition according to any of claims 9-13, wherein the iscom particle comprises at least one of subfragment A and ~~for~~ subfragment C of *Quillaja saponin* Fraction A ~~*Quil A*~~.

15. (currently amended): Composition according to claim 9 ~~any of claims 9-14~~, further comprising a pharmaceutically acceptable carrier, diluent, excipient or additive.

16. (currently amended): Kit of parts comprising at least one compartment containing at least one living organism and at least one compartment containing at least one iscom particle.

17. (currently amended): Kit of parts according to claim 16, further comprising at least one inactivated micro-organism, which may be present in a further compartment or in the same compartment as the at least one compartment containing the at least one iscom particle.
